

21 July 2005

Proposal of the United States of America

If any decision of the IIM to the WIPO General Assembly is to be included in the Report of the IIM to the WIPO General Assembly, the decision of the IIM should read as follows:

"The IIM recommends that the following decision be adopted by the General Assembly:

- (1) The General Assembly notes the examination of the proposals contained in documents IIM/1/..., IIM/2/... and IIM/3/..., and the divergent views expressed thereon during the IIM sessions of April, June and July 2005;
- (2) The General Assembly decides to refer all of the above proposals, as well as any other proposals received from Member States, to the PCIPD;
- (3) The General Assembly reaffirms that the mandate of the PCIPD is sufficiently broad to consider fully the proposals made. Moreover, the PCIPD should be reinvigorated so that, in line with the frequency of meetings of most other WIPO bodies, the PCIPD should meet up two times each year to discuss issues relating to intellectual property and development."
